(page 11)

Wholesale Displays

POP UP DISPLAYS
The Wave Pop Up Display comes with everything you need to effectively promote your product at any trade show for a fraction of the of other displays.

ASPEN FABRIC FRAMES
The Aspen Fabric Frame System is the perfect blend of class and versatility. The edges of the fabric press into the frame making graphic installation and change out simple.

OUTDOOR BANNER STANDS
Our outdoor banners and stands are designed to withstand the elements associated with outdoor use.

FABRIC POP UP DISPLAYS
Set up time is quick and easy with our fabric pop-up displays. Your fabric graphics arrive installed on the frame and stay attached during both take down and when storing in the travel bag.

RETRACTABLE BANNER STANDS
Your banner conveniently retracts into the base for quick and easy set-up and take-down of your display.

DISPLAY STANDS
Our display stands are available in various configurations that accommodate a wide range of graphic sizes.

TAHOE MODULAR DISPLAYS
The Tahoe Modular Display System is available in a number of configurations making it the perfect back wall display.

INDOOR BANNER STANDS
Indoor banner stands are specifically designed for indoor use. Travel bags are also available for most stands.

LITERATURE STANDS
All of our literature displays accommodate standard size 8.5" x 11" literature and brochures. We offer various styles to suit your display needs.

Table of Contents

HANGING BANNERS

These extra large hanging banners are produced from high quality fabric and enable you to been seen from practically anywhere at your trade show.

TABLE THROWS, CASES & BAGS

Table throws are a great addition to your trade show booth and are sized to fit standard 6ft and 8ft tables. Available in full graphic prints.

Lifetime Warranty
See our website for our lifetime warranty information.

Adjustable
Display is adjustable to accommodate a range of banner dimensions.

Adjustable Height
Display height is adjustable to accommodate a range of banner dimensions.

Indoor Use
Banners and stands are designed for indoor display.

Outdoor Use
Banners and stands are designed for outdoor display. Some stands feature weighted or water filled bases for stability.

Double Sided
Displays 2 banners back to back to enable viewing from both sides.

Single Sided
Displays 1 single sided banner.

1 Year Warranty
See our website for our 1 year warranty information.

Magnet
Magnetic strips on sides of panels magnetically attach to channel bars on frame.

Velcro
Banners attach via Velcro strips on top and / or bottom.

**Clamp**
Top and/or bottom bars clamp to banner.

Grommet
Banner edges are hemmed with #2 grommets in corners. Available grommet colors: brass, silver, and black.

Pole Pocket
The top and bottom of the banner is folded over and sewn creating a pocket that accept dowels.

SINGLE SIDED   VS DOUBLE SIDED
Our feather and teardrop banners are available in single as well as double sided banners.

Single sided
Image is printed on 1 side of the banner for single sided display. The back side shows the see-through mirror image of the front side.

Front   Back

Double sided
Two single sided banners are sewn back to back enabling a double sided display. A block-out material is sewn between the banners to prevent light from shining through.

Front   Back

X BASE VS SPIKE BASE

X Base
The standard X base for use when displaying on flat ground. An optional water bag is available to provide extra weight and stability.

Spike Base
The spike base, your banner stand is securely fixed in ground. Perfect for displaying your banner in the grass and dirt.

Table Throws

TABLE THROW

Table throws are a great addition to your trade show booth and are sized to fit standard 6ft and 8ft tables. Available in full graphic prints. There are two different styles available to suit your needs. The Open Back version has full length front and side material, with a shorter edge on the backside. The Full Back version has full length material on the front, back and both sides of the table.

DIGITAL PRINTING COLOR INFORMATION

OFFSET VS DIGITAL
Digital printing offers shorter turnaround and more consistent end result than offset printing. Digital printers do not print PMS and RGB colors. These colors will have color shift.

SPOT COLOR MATCHING
Although digital printers do not print PMS colors, our production team will manually adjust the color output to match your spot colors upon request (per color). **Please ask us about color matching service when you upload your files. ***

Spot Colors

C   M   Y   K   LC   LM

* No color matching for fabric

MATERIAL
Printed colors look slightly different depending on materials. Refer to the material descriptions for more information.

OUTDOOR USE
Our outdoor banners are printed with UV-safe inks to prolong the life of your banner. They are hemmed around the edges for long life and can be grommeted for easy display outside your building or event.

REPRINTING
If you are in need of getting graphics from your previous orders printed by us, let us know before you approve proofs. To match colors with previously printed banners, we need extra time and information from you. We typically hold files for 3-4 months. BY request, we can back up files for future use.

FINISHING OPTIONS

GROMMETS
Banner edges are hemmed with #2 grommets in corners. Available grommet colors: brass, silver, and black.

Brass   Black   Silver

HEM
We add a 1" bleed that is folded over and double stitched with white thread. Can be performed to entire perimeter of banner.

POLE POCKET
The top and bottom of the banner is folded over and sewn creating a pocket that accept dowels.

CLAMP
Top and/or bottom bars clamp to banner.

VELCRO
Banners attach via Velcro strips on top and bottom.

MAGNET
Magnetic strips on sides of panels magnetically attach to channel bars on frame.

DESIGN EXAMPLES AND TIME USED

Let us show you what we have done for our customers as examples. As you can see, the more complex the design becomes, the more time it will consume. Design time differs depending on complexity of design and the types/quality of files we want to work with.

Express 1Hour Design
- Simple layout & typesetting
- Vector base/hi-res graphics

Customer must supply vector base graphics (logo, image and text.)

Custom Design (2-3 Hours)
- Layout & typesetting
- Simple photo editing which includes cropping and color adjusting

Custom Design (4-5 Hours)
- Layout & typesetting
- Photo editing which includes cropping, color adjusting, and cloning.
- Creating vector elements

Custom Design (6-11 Hours)
- Layout & typesetting
- Photo editing which includes cropping, color adjusting, and cloning.
- About 15 photos used (provided by customer)
- Complex layered design

DESIGN PROCESS

1. SELECT PRODUCT

Select which product you want to purchase. If you need assistance selecting the best one that suits your needs, please call..

2. SUBMIT FILES

Submit files such as your logo, photos, text, or design mock-ups through our website. If you have nothing to start with, no problem. Let our designer help you!

3. WORK WITH DESIGNER

Once we receive your files or design request, our designer will contact you to discuss your design needs. It takes 2-4 business days or longer to complete depending on the complexity of your design need.

4. APPROVE PROOFS

You'll be viewing and approving proofs online. Production time differs depending on products. Ask us for more detail.
